#### **Hub Group, Inc. Reports Fourth Quarter 2020 Results**

#### Highlights:

- Continued growth with strategic customers and a strong freight environment led to 9% Intermodal volume growth and 6% consolidated revenue growth in the quarter
- Revenue growth and strong cost controls resulted in fourth quarter net income of \$22.4 million or \$0.67 of diluted earnings per share; net income includes \$4.7 million net of tax, or \$0.14 per share, of insurance and claims, restructuring and acquisition expenses
- Executed on our long term investment strategy, including acquiring residential last mile delivery company NonStopDelivery, LLC ("NSD") and growing our container and tractor fleet
- Generated EBITDA (non-GAAP)<sup>(1)</sup> of \$63 million in the quarter, with solid liquidity at quarter end including \$125 million in cash and cash equivalents

OAK BROOK, Ill., Feb. 04, 2021 (GLOBE NEWSWIRE) -- Hub Group, Inc. (NASDAQ:HUBG) announced fourth quarter 2020 net income of \$22.4 million, or diluted earnings per share of \$0.67. Net income includes \$2.7 million (\$0.08 per diluted share) of expenses related to a re-measurement of our insurance and claims reserve estimate (the "Insurance Charge"), \$1.2 million (\$0.04 per diluted share) of restructuring charges related to the closure of an office that supported our dedicated business (the "Restructuring Charge"), and \$0.8 million (\$0.02 per diluted share) of acquisition-related expenses. Net income for fourth quarter 2019 was \$28.0 million, or \$0.84 per diluted share.

"Continued strong freight market conditions, as well as our strategy to grow with strategic customers, resulted in 6% revenue growth in the quarter and 9% intermodal volume growth. We continue to provide a world-class customer experience while driving efficiency throughout our organization. Revenue growth in the fourth quarter of 2020, combined with our ongoing focus on cost control, led to EBITDA (non-GAAP)<sup>1</sup> of \$63 million. We continue to invest in our business, including through additions to our container and tractor fleet and our planned capital expenditures for 2021. The acquisition of NSD expanded our service offering into the fast-growing last mile delivery space, and we anticipate significant cross-sell opportunities with our customer base," said Dave Yeager, Hub Group's Chairman and Chief Executive Officer.

#### Q4 2020 Results

Revenue for the fourth quarter of 2020 increased by 6% to \$953 million compared with \$901 million for the fourth quarter of 2019. Operating income for the quarter was \$31 million versus \$39 million for the fourth quarter of 2019.

Fourth quarter intermodal revenue increased 5% to \$576 million primarily due to a 9% increase in volume, partially offset by lower customer pricing. Intermodal gross margin decreased compared to the prior year due to lower prices, \$1.3 million of the Insurance Charge, increased purchased transportation costs and higher equipment repositioning costs, partially offset by volume growth and the benefits from operational improvements in our trucking operation.

Fourth quarter logistics revenue declined 1% to \$182 million as growth of CaseStack retail supplier solutions and the acquisition of NSD in December was more than offset by the impact of lost customers. Gross margin declined due to lower revenue and higher purchased transportation costs, partially offset by growth with new customers and the acquisition of NSD.

Truck brokerage revenue grew 27% in the quarter to \$126 million despite an 8% decline in volume. Contractual revenue represented 64% of total brokerage revenue in the fourth quarter of 2020 as compared to 78% in 2019. Truck brokerage gross margin increased relative to fourth quarter 2019 as higher margin spot freight offset the impact of higher purchased transportation costs on our contractual freight.

Dedicated revenue decreased 3% to \$68 million compared to the prior year due to the impact of business we exited, partially offset by growth with new accounts. Dedicated gross margin decreased primarily due to the decline in revenue, \$2.2 million of the Insurance Charge and higher driver and third party transportation costs.

Costs and expenses decreased to \$74 million in the fourth quarter of 2020 compared to \$87 million in the prior year due primarily to a decline in salaries and benefits expense related to variable compensation, lower professional fees and a reduction in travel expense, partially offset by the \$1.5 million Restructuring Charge and \$1.0 million of expenses related to the acquisition of NSD.

Capital expenditures for the fourth quarter of 2020 totaled \$60 million, primarily for containers, tractors and technology investments. During the quarter we acquired NSD for \$90 million in cash. At December 31, 2020, we had cash and cash equivalents of \$125 million.

#### **Full Year 2020 Results**

Full year net income was \$74 million, or diluted earnings per share of \$2.19. For the full year, revenue declined 5% to \$3.5 billion, and full year operating income was \$106 million. Operating income as a percentage of revenue for fiscal year 2020 was 3.0%.

#### 2021 Capital Expenditure Outlook

We expect capital expenditures for fiscal year 2021 to range from \$150 million to \$170 million, and primarily consist of investments to support growth in the business, including containers and tractors, as well as investments in technology. For 2021 we expect to add approximately 2,500 containers, which will result in net growth of approximately 2,000 after retirements of containers that have reached end of life. We are also planning to add approximately 750 tractors, 500 of which are for replacements of older units and 250 of which will support growth in our drayage and dedicated fleets.

#### **Non-GAAP Financial Measure**

In this press release, we present EBITDA, a non-GAAP financial measure defined as earnings before interest, taxes, depreciation and amortization. As required by the rules of the Securities and Exchange Commission ("SEC"), we have provided herein a reconciliation of the non-GAAP financial measure contained in this press release to the most directly comparable measure under GAAP. Management believes that EBITDA provides relevant and useful information, which is used by our management as well as by many analysts, investors and competitors in our industry. By providing this non-GAAP measure, management intends to provide investors with a meaningful, consistent comparison of the Company's profitability for the periods presented. EBITDA should be viewed in addition to, and not as an alternative to or substitute for, measures determined in accordance with GAAP, and is not necessarily comparable to non-GAAP measures that may be presented by other companies.
